

NO CURFEW

BECAUSE QUALITY KNOWS NO LIMITS.

Brought to you by Amici Cellars - the makers of the Amici and Olema brands - No Curfew wines are fun, ready-to-enjoy wines that are perfect for any occasion. The No Curfew brand is available in the following varietals/blends:

Cabernet (750ml and 20L keg), Chardonnay (750ml and 20L keg), Pinot Noir (750ml and 20L keg), Red Blend (750ml)

ABOUT THE WINERY

Amici Cellars is committed to quality in all its brands. The goal is to deliver the best bottle of wine at a given price point and is known for over-delivering on quality in all of its brands. The same winemaking team is used to create all the wines – from \$12 to \$250 per bottle – to ensure the same care and quality are taken in each brand. The winery has been built from the ground up over years by owners who believe wine is a beverage to be shared among friends.

ABOUT THE WINES

No Curfew wines are California-appellated wines that showcase the true character of each varietal. The No Curfew wine-making team selects the best vineyard sites throughout California to create wines that are meant to be enjoyed by anyone, anytime, anywhere. These wines are accessible both in taste profile and price point making them an excellent addition to any restaurant wine list or retail shelf.

ABOUT THE KEGS

All No Curfew Keg Wines are using the latest in keg technology – the petainerKeg™.

- It is a one-way system that is both environmentally and economically friendly.
- It utilizes the same dispensing technology as standard steel kegs and can be tapped to standard and Micromatic-compatible coupling systems (A-, S- and D- Type). There is no conversion or additional equipment necessary.
- The product arrives in a cardboard sleeve and is delivered ready for use.
- The lightweight container is manufactured from recyclable PET and can be crushed and recycled in one piece in a standard plastic recycling stream – no returns required.
- These 20 liter kegs are equivalent to 27 - 750ml bottles. Each keg contains the equivalent of 169 – 4 oz. glass pours or 135 – 5 oz. glass pours.
